Please contact the Electronic Filing Department for further information related to using GCG ICE®.

1. **One Signed Proof of Claim and Release**

- You must complete the Claimant Information (Part I, page 2) and Release of Claims and Signature (Part IV, Pages 6-7) of a single Proof of Claim and Release form, which will serve as an "umbrella" or "master" claim form for all accounts on your electronic file.
- The claim form must be signed by an authorized signatory who is also listed on your signature verification document and state the capacity (job title) of the signatory.
- You may reference the term "Various Accts" for the beneficial owner name if you are filing on behalf of multiple accounts or clients.

2. **Signature Verification Document**

- If you are an institution or claim preparer filing on behalf of client/customer or proprietary accounts (i.e., not an individual claimant), you must provide a document verifying that the individual who signed the claim form and any supplemental documents is authorized to sign on behalf of his/her company. Some common types of documents that fulfill this requirement include the following (this list is not exclusive and non-US entities may have different documents that fulfill this requirement. If you are a non-US entity, you must submit an equivalent document):
 - Copy of company's By-Laws, including signature page(s)
 - Copy of company's Corporate Resolution, including signature page(s)
 - Notarized Affidavit signed by an officer of the institution clearly granting a specific individual(s) authorization or confirming his/her authority to sign on behalf of his/her company.

3. **Data Verification Document(s)**

- If you are an institution or claim preparer filing on behalf of client/customer or proprietary accounts (i.e. not an individual claimant), you must provide a notarized affidavit or signed letter on firm letterhead which meets the below criteria:

 - Discloses the source of your data (i.e. internal data retention system)
 - Attests to the truth and accuracy of the transactions and holdings on your electronic file
 - Is executed by an authorized signatory who is listed on your signature verification document, and specifies both the capacity and contact information of that signatory.

4. **Authorization Document** (if filing on behalf of client or customer accounts)

- If you are an institution or claim preparer filing on behalf of client/customer accounts (i.e. not an individual claimant), you must provide a current document verifying that you are authorized to file and sign claims on behalf of your clients.² Some common types of documents that fulfill this requirement include the following (this list is not exclusive and non-US entities may have different documents that fulfill this requirement. If you are a non-US entity, you must submit an equivalent document):
 - Power of Attorney

² If you are filing in a Third Party capacity and your client is not the beneficial owner then documentation must also be provided to confirm that your client is authorized to file on behalf of their clients who are the ultimate beneficial owners.

- Service Agreement
- Signed/dated letter on client's company letterhead specifically granting your company authority to file/sign claims on their behalf.
- Notarized affidavit or signed letter on your company's letterhead confirming your authority to file and sign claims on behalf of your clients. It must be executed by an officer of the company who is also listed on your signature verification document and reference the capacity and contact information of the signatory.

Additional Documentation (if requested) - Data Integrity Audit

GCG may request random entities, as deemed appropriate by GCG, who file claims electronically to provide documentation to support certain transactions and/or holdings in specific claims. This data integrity audit is designed to verify the overall integrity of a data file. Accordingly, the documentation provided must be independent in nature and sufficient to verify the validity and accuracy of the entire data file.

Even if you provided a letter/affidavit attesting to the truth and accuracy of your data when initially submitting your file electronically, we will **require** specific documentary evidence (trade confirmations, monthly statement, or equivalent) to independently verify the details of the transactions and/or holdings requested, if your file is selected for a data integrity audit.

*** Failure to comply with this audit request will result in the rejection of ALL claims on your electronic submission ***

- Negative values may **only** be given for beginning and ending/unsold holdings (transaction type “U”). All other transactions must reflect positive values.

If you have no information available on the original purchase/subsequent sale, you must provide the free receive/deliver transactions in their respective claim(s) for **balancing purposes only**. A free receive or transfer in must be reflected as a transaction type “R” and a free deliver or transfer out must be reflected as a transaction type “D” (prices and net amounts must be zero). **THESE TRANSACTIONS WILL NOT BE CONSIDERED ELIGIBLE AND WILL BE EXCLUDED FROM THE CALCULATION OF YOUR CLAIM.**
